**lead designer.** Rooster & White Creative Studio / Provo, Utah / 2007-2008

Led multiple design projects and worked directly with clients to meet their needs. Directed other graphic designers on large-scale print, web, and identity projects. Created concept for the look and feel of the studio, including web site and portfolio book.

**graphic designer.** Center for Instructional Design, BYU / Provo, Utah / 2004-2007

Designed the overall look and feel for many online University courses, as well as several interactive, learning-driven flash modules for College Professors.
